Lindsey Freeman

Sarah Peterson

Jason Benson Principal

Attending:

Michelle Wages, Daniel Stokes, Teri McCabe, Aleigh Roy

Notes:

Vote on leadership: Done at the end of the 2022 school year. Carrie will be the Chair for 2 years.

Review of data - School Report Card - Utah State Board of Education - shared by Mr. Benson

Our school has a "D" grade. However, we do have a lot of growth and things to celebrate. Achievement is based on the RISE end-of-year test. Our Language arts scores went up by 9.5%, Math showed an increase of 7.6%. Science showed a 1% increase. Growth of our lowest 25% was up 45.8% which is up by 8.3%. English Learners making adequate progress was at 43.4% an increase of 25.1%. Our score was higher than both the district at 36% and the state at 39%. English Learners reaching proficiency was 9.4%, an increase of 4.0%. Again, we were higher than both the district at 7% and the state at 5%.

What is Franklin doing differently this year? We are fully staffed with our Instructional Assistants, for the first time in years. Every student in the building is receiving support at their level whether it be remediation or extension. Our teachers and assistants are highly qualified and trained. Teachers are taking their most at risk student groups.

Tuesdays will now be focusing on our PBIS trainings after school from 3:35 to 3:50.

Are our teachers focusing on the end-of-year grade or preparing our students to be college and career ready?

Next Meeting: Wednesday, November 16 at 3:45 in the school library.

Explanation of the changes in Career Fair
